

mada
ecommerce
merchant

Our logo is the centerpiece of our visual brand identity. It is the asset by which our brand is recognized, and the familiar sign of our presence in Saudi Arabia.

Our logo is made up of two elements: a symbol and wordmark.

Our logo is only available in dual language.

mada Logo

Our logo proportion is:
Width equal three times the Height as
shown

1X3

mada Symbol

Sometimes, we may need to use our symbol only, without the accompanying wordmark. It is important we only do this rarely and for well understood reasons.

We should only use the symbol alone when there is not sufficient space or a correctly proportioned area to use the full logo including the wordmark.

We should only use the symbol alone in contexts where the mada brand is already clear, ie the full logo including the wordmark is nearby.

Another situation where the symbol may be used alone might be an iPhone icon, or similar UI situation. This would be due to the size and proportion available.

Symbol

Important note:

These are the only color variations acceptable in all cases.

- mada emblem with black wordmark to be used on white/ transparent or light color background

- mada emblem with white wordmark to be used on black or dark color background

- In case of single color requirement both mada emblem and wordmark together should show in white on dark color background or black on light color background

01. Color with black wordmark

02. Color with white wordmark

03. Single color

Always use approved master artwork, never alter or recreate our logo.

Here are examples of things to avoid when using our logo.

DO NOT add any effects

DO NOT alter the proportions

DO NOT alter the spacial relationship

DO NOT alter the scale of individual elements

DO NOT rotate (other than 90°)

DO NOT change the color

DO NOT distort the logo

mada logo with white wordmark

mada logo with black wordmark

mada logo with white background

General rules for mada logo placement

The grey boxes represents the merchant website guidelines.

The blue boxes represents mada logo guidelines for clear space.

- In case of mada clear space smaller than merchant clear space mada logo should remain inside the grey zone

- In case of mada clear space bigger than merchant clear space mada logo should be resised to maintain the correct clear space from other logos

In case payment options are exposed in the login / landing pages of the merchant e-store, mada logo must appear as well.

mada clear space < merchant clear space

mada clear space = merchant clear space

mada clear space > merchant clear space

General rules for mada logo placement

mada logo must show first of the list on the merchant landing page

- First from right to left on Arabic page

-First from left to right on English page

mada logo must NOT appear in the center of two other check options

mada logo must NOT be placed in a white box in case of colored background (refer to mada brand guidelines)

It is NOT allowed in any circumstances to show mada logo smaller than the bank's logo or other checkout schemes logos.

Merchant/ Service Provider Checkout Page

There are two ways to present mada online as payment method on merchant's checkout page. The ways are the following:

1. In case of standalone format for each checkout method, mada should take the first place from top (on both English and Arabic merchant website pages)

2. In case of multiple card schemes showing together in one tab, mada should come first in the list.

- First from right to left on Arabic page
- First from left to right on English page

mada logo and all partnering scheme should be always exposed in the checkout page with the latest approved logos for E-commerce.

1. Standalone as payment method:

The diagram shows a 'Payments method' section with three options: 'mada bank card' (checked), 'SADAD Account', and 'Credit card'. An arrow points from the 'mada bank card' option to a detailed form. This form includes fields for 'Card Number' (with a mada logo and a note: 'Enter mada card number wicth consists of 16 digit'), 'Cardholder name' (with a note: 'Enter the (CVV/CVC) witch consists of 3 digit'), 'Expiration Date' (Month and Year dropdowns, with a note: 'Enter the expiration Dateas mentioned on the card'), and '(CVV/CVC)' (with a note: 'Enter the (CVV/CVC) witch consists of 3 digit'). A green callout points to the mada logo in the Card Number field, stating: 'Once mada card number typed, it is mandatory to show mada logo in this field (as shown)'.

2. Combined card schemes as payment method:

The diagram shows a 'Card Type' dropdown menu with mada, VISA, and other logos. An arrow points to a detailed form. This form includes fields for 'Card Number' (with a dropdown menu showing mada, VISA, and other logos, and a note: 'Enter mada card number wicth consists of 16 digit'), 'Cardholder name' (with a note: 'Enter cardholder name as mentioned on the card'), 'Expiration Date' (Month and Year dropdowns, with a note: 'Enter the expiration Dateas mentioned on the card'), and '(CVV/CVC)' (with a note: 'Enter the (CVV/CVC) witch consists of 3 digit'). A green callout points to the mada logo in the Card Number field, stating: 'Once mada card number typed, it is mandatory to show mada logo in this field (as shown)'.
